**BEEM** brings the world of coffee and tee culture to your home – with a keen sense of enjoyment and details! Anyone who wants to savour their cup of coffee or tea to the fullest is often on the lookout for something special. BEEM inspires coffee and tea enthusiasts alike with outstanding

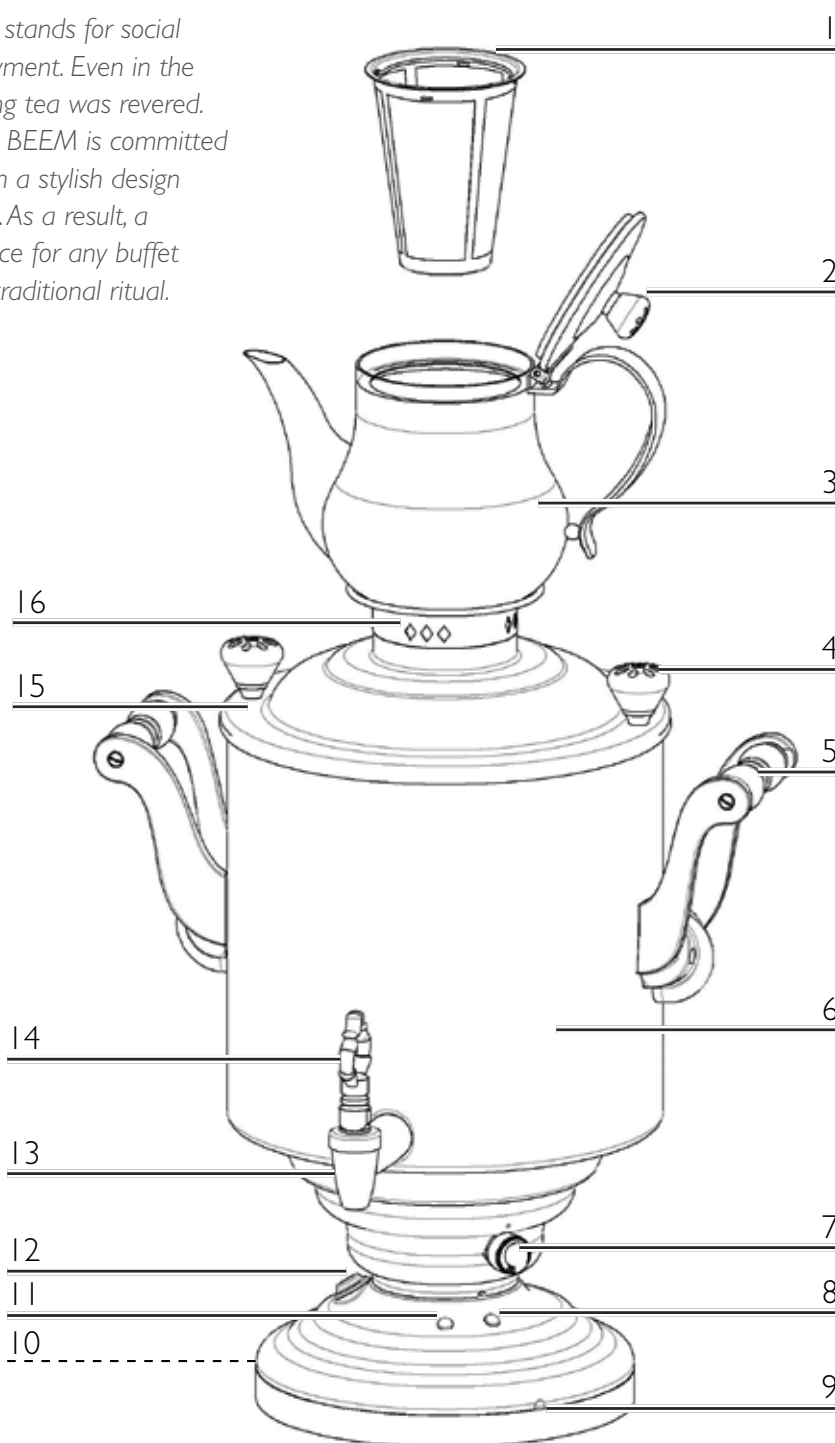

convenience, high-quality materials and a modern design. With BEEM, you can discover the multitude of ways to prepare coffee or tea – from automatic to manual – so your daily coffee, espresso or tea is a true delight!

## SAMOWAR

**A samovar** is much more than a kettle, it stands for social occasions, hospitality and a culture of enjoyment. Even in the early 18th century, this manner of preparing tea was revered. As the leading global provider of samovars, BEEM is committed to high-quality workmanship combined with a stylish design that elegantly complements any ambience. As a result, a BEEM SAMOWAR is the perfect centrepiece for any buffet where making tea becomes an enjoyable, traditional ritual.
